 GENTEK®

MODEL 1100

NEW CONSTRUCTION
SLIDING PATIO DOOR

The Gentek 1100 new construction sliding patio door merges exceptional quality and style with advanced energy-saving technology.¹ The heavy-duty design, beautiful aesthetics and easy-care features make it an excellent choice for residential, multi-family or light commercial applications.

Contemporary handle for casual elegance.

SUPERB FORM AND FUNCTIONALITY

- Fully fusion-welded sash and frame with integral nail flange increase structural integrity and strength
- Fortified with steel-reinforced vertical sash components for added rigidity and durability
- Adjustable tandem rollers ensure smooth gliding of the door panel
- Extruded aluminum roller track helps prevent corrosion
- Screen features four-point roller adjustment for easy operation
- Unit is fully field-reversible²
- Available in a 2-lite style in 5', 6' and 8' widths, and a 3-lite style in a 9' width
- Integral transom in 10", 12" or 14" heights is offered for all models

ADDITIONAL FEATURES

- Insulating double barrier-fin weatherstripping at the sash sides improves energy efficiency and helps block noise and air infiltration
- BarrierXP[®] insulating glass package features Low-E glass, argon gas³ and the Intercept[®] Warm-Edge Spacer System for increased energy savings
- Jamb extensions reduce interior trim for installation ease

INTERIOR GRIDS

Customize your patio door with decorative grids. All grids are enclosed within the insulated glass unit for easy cleaning.
